

## ● "AV" VELOCITY—

Here is the ultimate in ultra-refined microphone performance . . . for recording with the utmost fidelity, everything from a lyric soprano solo to a brass band. Being practically without threshold its pickup being lineal instead of logarithmic, it has the ability to cover a group or full orchestra from one point. Particularly fine reproductions can be made of orchestrations, where it is desired to retain with full value every clear, brilliant "highs" and every full rounded "bass." The results obtained when recording *en-*

*semble* numbers are outstanding. Model "AV" Velocity microphone is equipped with adjustable cradle and tilt-lock, 3-prong plug with locking ring and 25 feet rubber covered cable. Brilliant, durable all-over satin finish with highly polished chrome trim. Any desired impedance, 33 ohm (Code: VIDY); 200 ohm (Code: VILO); 500 ohm (Code: VIME; 10,000 ohm (high impedance—direct to grid). (Code: VIH Y). Specify **\$44.50** impedance desired. Price....
